16 and 18 William street, NEW YORK. WILL receive, on or about the middle of July, their full assortment of

French, India, Italian, German and English SILK AND FANCY GOODS,

March 1, 1849.

NDER the joint resolution of Congress, approved May 9, 1848, entitled a "Resolution respecting contracts for hemp for the use of the American navy," sealed proposals will be received at this bureau, or the United States hemp agencies at Louisville, Kentucky, or St. Louis, Missouri, (to be fowarded by them unopened to this bureau,) for delivering under contract, at either of the said hemp agencies, for a term not exceeding five years, the best quality of American Water-rotted hemp, in quantities of five tons and upwards, the ton to consist of 2,240 pounds. No bid will be considered at a higher rate than two hundred and forty-one dollars per ton. The proposals to be opened on the 6th of August next. The department will then determine whether the contracts shall be awarded. No delivery will be required sooner than the 1st day of January, 1850.

The said hemp must be equal in quality to the best foreign hemp; and in all cases of equality of bid, the contract will be given to the hemp grower. The quantity required annually will be about 500 tons. ADAPTED to every section of trade, North, East, South or West; and it is believed that, in regard to variety, extent, or richness, their stock will not be surpassed by that of any similar establishment in the country. No pains will be spared to present the newest and most fashionable styles of goods brought to this market. They will receive by the various packets and steamers, of their own importation, a great variety of dress goods, of entirely new designs, ordered expressly for their best trade, to which they would invite the special attention of merchants from cities and the larger towns.

Their stock will consist in part of the following: SILKS.

best foreign hemp; and in all cases of equality of bid, the contract will be given to the hemp grower. The quantity required annually will be about 500 tons.

The said hemp must be thoroughly dressed, cleaned, free from shives, and must not lose more than sixteen per cent. of tow and waste when hatchelled to the satisfaction of the inspectors ready for spinning. Its strength must be such that a rope of one and three-fourths of an inch in circumference, made from twenty-one yarns, as prepared and tested by the inspectors, or by their direction, will bear at least 4,200 pounds, and its length, color, and other properties must be entirely satisfactory to the inspectors, or the chief of this bureau, or it will not be received; it will be inspected and tested at the respective places of delivery.

The respective United States hemp agents to certify bills for the hemp which may pass inspection and be received by them, according to the contracts which may be entered into; ninety per cent. of which bills to be payable within thirty days after their presentation to such navy agents as may be agreed upon and named in the contracts.

Persons offering must state the price, in words and figures, (clearly and legibly,) asked per ton of 2,240 pounds, when delivered, inspected, tested, approved, and received by the said hemp agent, and payable, as above specified.

Every offer must be accompanied, as directed in the act of Congress making appropriations for the naval service, approved 10th August, 1846, by a written guaranty, signed by one or more responsible persons, (to be certified by some official personage), to the effect that he or they undertake that the bidder or bidders will, if his or their bid be accepted, enter into an obligation within fifteen days after the contract is submitted for signature, with good and sufficient sureties to furnish the supplies proposed. No proposal will be considered unless accompanied by such guaranty.

For passage and freight, apply to the Captain on board, or to the several agents: C. Worthington, Baltimore; Mr. Riley, Washington; Messrs. Pickrell, Georgetown; and Messrs. Wheat, Alexandria.

JAMES HARPER, Captain.

A report having been extensively circulated that the steamer Columbia had been condemned by the Inspector of Steamboat Hulls for the port of Washington, the annexed certificates are published in refutation thereof:

Having been called upon by you to examine the hull of the steamer Columbia, whilst on the railway in Baltimore, on the 23d ultimo, and having performed that duty, I feel no hesitancy in saying that the hull of that boat is in good condition, and trustworthy for the carriage of freight and passengers between this place and Baltimore. The injury done to the sternpost having now been repaired, I consider her to be as good as many steamboats of five years of age.

Inspector of Steamboats.
WASHINGTON, February 17, 1849.

To William Gunton, Esq., President of the Washington, Alexandria, and Georgetown Steam Packet

We, the undersigned, shipwrights of Baltimore, have had the steamer Columbia upon our railway, and, at the request of the owners and agent, have examined her throughout and made all necessary repairs. We now, without hesitation, pronounce her to be in very good order for the transportation of freight and passengers between Baltimore and Washington. FLANNIGAN & TRIMBLE.
